My Personal Review:
A London-based food writer and editor, Susannah Blake's "500 Soups: The Only Soup Compendium You'll Ever Need" is one cookbook that truly lives up to its title! Featuring five hundred different kinds of soup, each with clear, easy-to-follow instructions that include tips on accompaniments, garnishes and toppings, "500 Soups" also includes an informative and comprehensive introductory section covering all the preparation and cooking in essentials such as soup-making techniques, equipment, soup stocks, and even troubleshooting. With variations on each of the showcased recipes and more than 120 full-color photographs illustrated a diverse variety of savory soups, "500 Soups" is a true gem of a cookbook and a welcome addition to personal and community library collections. It should also be noted that there are five other highly recommended '500' cookbook titles available from Sellers Publishing: "500 Chocolate Delights" (9781569069943, $15.95); "500 Pies & Tarts" (9781569069844, $15.95);
