My Personal Review:
Robert McCloskey is one of my favorite childrens authors. I loved his books as a child. This book is a keepsake that your children will treasure and be able to share with their own children.

His stories paint a wonderful picture of a simpler time in life. They contain warm characters who suggest that life can be wonderful. They are beautifully written and would make wonderful stories for parents to read to their children. I have warm memories of when my mother did that for me when I was a child.

Davis Aujourd'hui, author of the humorous The Misadventures of Sister Mary Olga Fortitude
