Robert Ringer's books have created a revolution in the self-development genre and shown millions the way to personal and professional achievement. Filled with humorous and enriching anecdotes, *Action!* exhorts the reader when you close the book, to get up out of your chair and take action now. Action is life, and life is meant to be lived.

**Personal Review:** *Action!*: Nothing Happens Until Something Moves by Robert Ringer
I liked this book so much I often buy it for friends and associates and recommend they read it. Action is the key to success and the lack of it is the number one factor I see why people never reach their goals or attain what they really want in life.

There's no denying that Ringer's sound advice and straight to the point methods work. I found this book an easy read and extremely motivating.
