Grace loves stories, whether they're from books, movies, or the kind her grandmother tells. So when she gets a chance to play a part in Peter Pan, she knows exactly who she wants to be. Remarkable watercolor illustrations give full expression to Grace's high-flying imagination.

My Personal Review:
I used Amazing Grace in a recent article I wrote for a Womens Studies class. It is a wonderful book to use with regard to women's issues, values and place of self. As we keep telling young women today, you can be whatever you want to be. Keep striving to improve. This was also stated in Amazing Grace.
