America: Our Next Chapter: Tough Questions, Straight Answers by Peter Kaminsky

America Needs More Chuck Hagel's

Senator Chuck Hagel has long been admired by his colleagues on both sides of the Senate floor for his honesty, integrity, and common-sense approach to the challenges of our times. The Los Angeles Times has praised his bold positions on foreign policy and national security and wondered, What's not to like? In America: Our Next Chapter, Nebraska-born Hagel offers a hard-hitting examination of the current state of our nation and provides substantial, meaningful proposals that can guide America back onto the right path.

In America: Our Next Chapter, Hagel speaks the truth as he sees it—in a direct and refreshingly unvarnished manner. Basing his suggestions on thorough research and careful thought, as well as on personal insight from his years as a political insider, successful businessman, and decorated
war hero, he discusses domestic issues—including the health care crisis, immigration, and Social Security and Medicare reform—and global climate change. He confronts foreign policy problems that the current administration has bungled or ignored, including Chinas growing economy; control of U.S. debt; Indias and Pakistans nuclear capabilities; and Irans aggressive political, ideological, and nuclear stances. He decries the pervasive disease of third world poverty, arguing convincingly that this is where the real fight against terrorism must begin. Always true to the beliefs instilled in his childhood on the prairie, he speaks passionately about service—to ones country and to ones fellow citizens—as the path toward a renewed America. And, of course, he gives a candid examination of the debacle that is the Iraq War.

A staunch Republican yet a hero to liberals (Time), Hagel asks the tough questions and delivers straight answers to Americas most pressing problems. America: Our Next Chapter is a serious, honest, and, ultimately, optimistic look at our nations future, from an American original.

**Personal Review: America: Our Next Chapter: Tough Questions, Straight Answers by Peter Kaminsky**
The media and the lobbyist industry has all but killed this breed of national politician. One who does things that he/she feels are in the best interest of the country, NOT a NARROW IDEAOLOGY or to pander.

This book was refreshing, an easy read. If Mr. Obama is really serious about changing the tone and the toxicity of DC this book should be a must read for him, and Mr. Hagel though a Republican should be considered for VP.
