Doreen Virtue frequently hears this question at her workshops, and usually points them to her book Healing with the Angels. Yet, even that book is a bit advanced for newcomers. One morning she clearly saw and heard the title Angels 101, and Doreen knew that the angels wanted her to write a very basic and elementary book.

Angels 101 is a nondenominational overview of who the angels are; their role in various spiritual texts and religions; the ways that angels help us and how to call upon them; information on guardian angels, archangels, and departed loved ones; and frequently asked questions about the angels. No matter where you are on a spiritual or religious path, this book is sure to deepen your understanding and love of the angels—and it makes the perfect gift for someone new to these concepts!

One could read this book in an afternoon if they had the time. It is a great book as a primer on Angels. This book also confirmed all that I've been told by those who are much more in touch with their Angels. Really good, informative, lovely and comforting to read. If this is an interest of yours and you want to get to know about Angels in general or to develop a relationship with YOUR Angels, then this is the book for you.
