Great Work Well Explained

Decode the mysterious symbolism that can make even the most familiar paintings elusive! Discover the refreshingly new approach to art appreciation in Art. Using detailed annotation of 45 works from the world's greatest artists, Art provides a deeper understanding and richer enjoyment of the masterpieces of painting. Great Art Made Accessible. This fascinating book takes an original approach to interpreting the lost language of art, using annotation to highlight everything you need to know to appreciate the world's favorite paintings, from Botticelli's The Birth of Venus to Picasso's Guernica. Art explains the artists' techniques and intentions and clarifies the meaning of obscure subjects, decoding the mysterious symbolism that can make even the most familiar painting elusive. Art is like a gallery full of the world's most spectacular paintings, including the devotional icons of the Gothic period and early Renaissance
and the awe-inspiring achievements of the High Renaissance. It shows the splendor of the Baroque and Rococo, and scrutinizes the drama of the Neoclassicists and the Romantics. The enchantment of the Impressionist school and the complexities of the Cubist movement are also revealed in glowing color. Biographical notes on the artist place each work in its true personal and historical context. The books generous size and faithful color reproduction allow every painting to be displayed accurately and in detail. At last, art lovers can truly enter the world of their favorite paintings.

**Personal Review: Art: The Worlds Greatest Paintings Explored and Explained by Robert Cumming**

I always used to think: "Why do other people stare at those paintings? Why is painting X considered more special than painting Y". This is the book which completely opened me up to paintings and gave me a solid footed approach towards looking at them. I now know what paintings were drawn in what generation, what the masters of those generation did and why those paintings are so great. The book dwells in the minutiae as well as the overall painting. I totally love this book. I study one painting a day - it makes my day!
