Beware of the Frog by William Bee

Fun Book For Kids And Adults!

With deliciously ugly villains and a gasp-inducing ending, this quirky tale of the unexpected will have readers croaking with laughter.

Sweet old Mrs. Collywobbles lives on the edge of a big, dark, scary wood, so it’s a good thing that she has a pet frog to protect her. Too bad for the Greedy Goblin, the Smelly Troll, and the Giant Hungry Ogre, who don’t take this little amphibian seriously (GOBBLE)!

My Personal Review:
My 2 sons (age 2 and 4) adore this book, and so do I. The illustrations and story are unique and quirky, and my sons giggle at the thought of a little frog guarding the old lady’s house. We enjoy the rhymes and the artwork immensely, and the ending has a hilarious twist. It is my favorite kids book (and we have many). I plan to buy several copies to give away as birthday gifts.
