**Personal Review:**  *Blood, Money & Power: How L.B.J. Killed J.F.K. by Barr McClellan*

Simply search online for "LBJ's Mistress" and watch the 80 minute interview with LBJ's former mistress of 20 plus years. McClellan nails it and Madeline Duncan Brown's memory of LBJ and his cronies confirms it. Mr. McClellan, I've always wanted to know what really happened. Thank you for writing the book. I sat on your jury of readers and I say guilty without a shadow of a doubt. It's sad America finds it so easy to put such evil people into power. Character matters, but not among many of the powerful elite. Wake up America.
