Most people don’t expect you to understand what we’re going to tell you in this book. And even if you understand, they don’t expect you to care. And even if you care, they don’t expect you to do anything about it. And even if you do something about it, they don’t expect it to last. We do. – Alex and Brett

A generation stands on the brink of a rebellion.
A growing movement of young people is rebelling against the low expectations of today's culture by choosing to do hard things for the glory of God. And Alex and Brett Harris are leading the charge.

Do Hard Things is the Harris twins revolutionary message in its purest and most compelling form, giving readers a tangible glimpse of what is possible for teens who actively resist cultural lies that limit their potential.

Combating the idea of adolescence as a vacation from responsibility, the authors weave together biblical insights, history, and modern examples to redefine the teen years as the launching pad of life. Then they map out five powerful ways teens can respond for personal and social change.

Written by teens for teens, Do Hard Things is packed with humorous personal anecdotes, practical examples, and stories of real-life rebelutionaries in action. This rallying cry from the heart of an already-happening teen revolution challenges a generation to lay claim to a brighter future, starting today.

**Personal Review: Do Hard Things: A Teenage Rebellion Against Low Expectations by Brett Harris**
I got this book about a year or so ago, and I've read it 4 or 5 times over. It completely changed my view of my teen years. Instead of idling through life waiting till I "grow up," I now desire to use my teen years to glorify God!!

This book reminded me of 1 Timothy 4:12 which says "Don't let anyone look down on you because you are young, but set an example for the believers in speech, in life, in love, in faith, and in purity."

Something that I find especially helpful about this book is that it focuses on how to do the "small hard things," the things that might not seem big and life changing. Sometimes doing something "big" seems daunting to me--when am I going to go out and start a big group that changes and impacts the nation? Probably not anytime soon. BUT that doesn't mean that I can't do hard things! Focusing on family relationships, shepherding my heart, and being devoted to the Lord ARE hard things (at times), and they are worthwhile to pour into! I was so glad when I read that chapter because that specifically applies to me and my situation in life.

I highly, highly recommend this book. It has rocked and impacted my world and I am sure it will inspire and challenge you as well.
