Dont Tell by Karen Rose

Do Tell!

Mary Grace Winters flees her abusive husband to start a new life. But her past life threatens to collide with her present and destroy it.

My Personal Review:
DONT TELL moves at a barrel neck pace and is a riveting story spun by new romantic suspense author Karen Rose. Rob Winters, a corrupt cop, is brutally violent and doesnt hesitate to exploit his position as a police officer to abuse, maim and even kill those that cross his path. For years his own wife, Mary Grace Winters, is held in his grasp as he pummels her time and time again. After too many visits to the hospital Mary Grace meets several nurses that inspire her to leave. Plotting the death of herself and her son 9 years ago was her first step in escaping her abusive husband. Caroline Stewart has started a new life for herself and her son and with the help of her friend Dana, who heads a shelter for battered women has created a future. Dana is a tough cookie, always there to lean on, and to push Caroline during difficult times. Max Hunter, her new boss and head of the history department enters her life like a clap of thunder. Hes devastatingly handsome, tall, and muscular. He also has a handicap and walks with the help of a cane. Going through his own personal private battles he also is making a new start. There is instant intense chemistry between Max and Caroline, and for the first time in her life Caroline finds a man she can trust. However, the car she sent into the river has been found and Rob, her husband, is now on the hunt for her son and for Caroline. Prepare for the hair to stand on end at the back of your neck, as you follow Robs methodical hunt for her wife. As Caroline begins her new life with Max, he is ever closer to destroying it all. Tom, her son, is a strong young male character, deeply protective of his mother while exuding his sadness over their past. Tom is one of many rich secondary characters you learn to care about in this captivating debut suspense by author Karen Rose. Prepare yourself for a story that pulls you in and does not let go until the last page is turned.
