My Personal Review:
The sequel to Eleanor, Ellatony, Ellencake, and Me, C.M. Rubins Ellie, The Perfect Dress For Me is very nicely illustrated in a cartoon style by Christopher Fowler and an ideal picturebook for children ages 3 to 8. It follows the story of young Ellie who must find the perfect dress for a very special occasion. Her friends and family have lots of fashion advice and come up with some very improbable dress ideas, but at least Ellie decides to find the perfect dress all her own, imaginative, creative, and uniquely Ellie. The final page is a pull-out revealing Ellie in her very own dress. The sprightly color illustrations give Ellie, The Perfect Dress For Me an imaginative touch. Recommended especially for young girls as a reminder that finding ones own best look doesnt necessarily have to depend on the latest fashions or the demands of others.
