Exodus: The Traditional Hebrew Text
With the New Jps Translation (J P S Torah Commentary) by Nahum M. Sarna

Simply Stunning

My Personal Review:
The best commentary on exodus that I have ever seen. This work makes use of literary analysis and comparative Semitics; intertextual commentary relating each book to other biblical books, and evidence from modern archaeological discoveries. Yet, it is also based on traditional rabbinic commentary! While accessible to lay people, it is based on the highest standards of critical historical scholarship.
