My Personal Review:
Want to take a virtual vacation with incredible photographic details along the delightful recipes? One for each recipe plus more? Check out Ghillies latest book with Peter Cassidys photos. I also use this one as a coffee table book. I will be looking for books using Peters photos. This visually luxurious book even contains a satin ribbon installed in the books spine to find the vacation moment/recipe where you were last interrupted.
It is her best yet! I will be waiting for her next book. More with Peter Cassidy's photos please?
