Great Book For Online Students

What a great time to be engaged in higher education! Innovations in teaching pedagogies, expanding understandings of how adults really do learn, and the exponential growth of the Internet form the perfect storm for one of our most endearing values: Opportunity! Never has there been a greater opportunity to learn and teach than today. Online learning, quite literally, is transforming the world of higher education. Graduate Savvy begins with a compelling exploration of online learning as it moves into the heart of the text, which is to help you succeed should you decide to enroll in a web-based program. Topics such as plagiarism, Blooms Taxonomy, scholarly sources, and academic writing make this a must read for all graduate learners. The Strategies for Success chapters provide invaluable insider knowledge and insights to help learners successfully navigate the courseroom, residencies, comprehensive exam, and dissertation in an online environment. The final chapters discuss post graduation opportunities and offer personal statements from online program alumni sure to provide inspiration as you progress in your academic journey. Graduate Savvy engages readers like no other book in this field. An indispensable book for online learners, as well as anyone interested in the world of online higher education, Graduate Savvy is destined to become the authoritative word on online graduate school survival and success.

My Personal Review:
If you are thinking about going back to school or have just started back - READ THIS BOOK! Dr. Green has managed to provide the information needed for anyone to navigate a graduate program, but is honest about what it takes, what you will need to do, and how rewarding it will be. Dr. Green's conversational style of writing is impressive. You feel as if you are having a casual talk with a friend but end up feeling motivated by a mentor. I have gone back to school once and now thinking of doing it again. This
book will serve as a reference for my new endeavor and continued motivation.
