This new book is a look at the man better known as The Star of Africa on the 65th anniversary of his death - legendary Luftwaffe ace Hans-Joachim Marseille. Tate takes a look at Marseille's personality, flying skills, physical attributes, tactics, and victories through the words of historians and the men that flew with and against Marseille in the North African desert.

My Personal Review:
The best overall book on the subject...well documented and referenced. Aircraft profiles are not included on purpose as author directs you other source by Beaman.
