Amandas mommy is pregnant and Amanda is going to be a big sister. In this story Amanda learns about preparing for the new babys arrival and what it truly means to be a big sister. Winner of the iParenting Media Book Awards Best of 2007.

This book is extremely thorough. Its written in a way that young children can understand and is fun to read. My 2 (almost 3) year old LOVES it. Its literally one of her favorite books right now. We read it over and over. It has helped her understand a lot of things about my pregnancy and her new roll in the family - and its also given me a clear and simple way to explain things to her. I highly recommend this book for any little girl whos expecting a baby brother or sister. It also comes with a music CD with a wonderful song about being a big sister. We just love it.
