Integrated Principles of Zoology by David Eisenhour

Revisionists Make It Squeakie Current

This best-selling, comprehensive text is suitable for one- or two-semester courses. Integrated Principles of Zoology is considered the standard by which other texts are measured. It features high quality illustrations and photos, engaging narrative, traditional organization, and comprehensive coverage.

My Personal Review:
I bought this book for my Zoology 1 class, and found the book to be arranged in a logical manner with review material at the end of each chapter. Some of the material and explanations were dense and wordy, but overall I was highly please with the book.
