Craig Johnsons award-winning Walt Longmire mysteries continue to find new fans, and Junkyard Dogs is sure to create many more devotees. The sixth book in the series is filled with Johnsons signature blend of wisecracks, Western justice, and page-turning plot twists, as the beloved sheriff finds himself star-deep in the darker aspects of human nature, in a story of love, laughs, death, and derelict automobiles.

My Personal Review:
My mom got me hooked on mystery novels and certain writers and I sure wish she was still around so I could introduce her to Craig Johnson and the citizens of Absaroka County, Wyoming. His first novel, The Cold Dish, enthralled me and I fell in love with Sheriff Walt Longmire, Henry Standing Bear and Deputy Sheriff Vic. And now Junkyard Dogs has opened the door, again, to a small part of the world filled with unforgettable characters, humorous interactions and starkly beautiful scenery. His mysteries are always fun to try and untangle before the end. But. its his writing and sense of the absurd that makes me laugh out loud. When a book starts out
with I tried to get a straight answer from his grandson and granddaughter-in-law as to why their grandfather had been tied with a hundred feet of nylon rope to the rear bumper of the 1968 Oldsmobile Toronado:...well, I know my mom would have wanted to keep reading. Damn good book
