Rest Your Eyes!

This giant-print edition brings the New Testament to many who might not otherwise be able to read it because of failing eyesight. An essential resource for a church, or a thoughtful gift for an individual. The print is extra-large and bold, with just 23 lines to a page, with generous spacing between the lines for ease of reading. It is bound in black hardback.

My Personal Review:
It is hard to find just a New Testament which is well bound! This is great! It is true giant print, so I use mine as my nightstand devotional Bible. If only they would do a premium limp leather edition!
