A Great Gift For Lsu Fans!

My Personal Review: 
This is so much more than just a book - it is a piece of LSU history! There are all kinds of memorabilia inside including things like game tickets. For anyone who knows someone who is a true LSU fan, this is a gift that they MUST HAVE!! It is a coffee table book - not something that will go on a shelf or in a cabinet and be put away. Be sure and remember this for the next special occasion!
