Llama Llama Red Pajama

My Sons Current Favorite

Llama, Llama red pajama waiting, waiting for his mama. Mama isn’t coming yet. Baby Llama starts to fret. In this infectious rhyming read-aloud, Baby Llama turns bedtime into an all-out llama drama! Tucked into bed by his mama, Baby Llama immediately starts worrying when she goes downstairs, and his soft whimpers turn to hollers when she doesn’t come right back. But just in time, Mama returns to set things right. Children will relate to Baby Llama’s need for comfort, as much as parents will appreciate Mama Llama’s reassuring message.

My Personal Review:
My 2yr old son loves this book. I have LOTS of books from my older daughter. My son liked to look at books but not for you to read to him(except goodnight moon-he loves the moon!). When we got this one in the mail and I tried to start reading it. I expected him to take it away and do as always and just want to look. But he didnt. He listened! Now every night i have to read this book(it replaced goodnight moon- he dont even have to hear that one) and a pile of others before he goes to bed. But this one is his favorite. Its like a light bulb went off about Momma being very busy. LOL cause he currently got a new brother in the house and its like when hes read this book he understands that and that Mommy still loves her Llama Llama. I didnt realize that there were more books out about the Little Llama but i seen the Llama Llama Misses Momma at a book store. Thats on my to buy list.
