Peter is an ordinary boy . . . at first. Then one day he decides to become a dog. He loves to play fetch. He can bark like no one's business. And just look at him chase that mailman!

But while Peter is good at being a dog, he is not always a good dog. What's a puppy to do when his mother and father want their human son back? Luckily, Peter comes up with a solution that should make everyone happy.

My Personal Review:
Jeff Jarka's storybook for kids is a wonderful addition on anyone's bookshelf. Whimsical, sweet, and pure, this tale of a boy who wants to be a dog will win over the entire family. The illustrations are bold, bright, and adorable, and your young ones will beg to look at them over and over again. It's one of those books that -- when grown -- a child will look back and go, "I remember when Mom and Dad read this with me -- and I'm going to do the same with my own kids!"
