Adapt investing strategies using the same disciplined analysis that has made Warren Buffett successful. Mastering Fundamental Analysis performs the valuable service of leading everyday investors into better investment decisions, while allowing them to learn at their own pace through the use of worksheets, graphs, sidebars, and step-by-step examples.

My Personal Review:
If what you want is an explanation of all the terms/ratio's/metrics found in fundamental analysis, then this is a great book to have. I like the big idea books too, but my sense is that the vast majority of amateur investors do not know the basics covered in this book.
