Mira como te has puesto! (Edi Y Tedy) (Spanish Edition) by Ana Coll-Vinent

Delightful Book For Babies

My Personal Review:
This is a delightful book about a baby (Edi) and his cat Tedy who together make a big mess while eating yogurt. The story is cute and one babies can relate to. Each page has a flap for the child to pull back, allowing babies to participate in the story. This book is one of our favorites.
