Testimonials: The weight is just right for carrying to church or holding while reading for long periods of time. I’m so glad the reference system is so simple and easy to follow! I was so excited to see that the reference system didn’t make the Bible any thicker. It is so nice to have a reference Bible that is still portable and easy to carry.

I love this Bible. Its the perfect balance between size and readability. Many of the study Bibles out there are great for reading at home, but they’re so large and bulky that it makes them inconvenient to carry around. On the other hand, the reduced text size found in many smaller-sized bibles makes them difficult to read over long periods of time. I have pretty good eyesight so I CAN read small text, but its so much nicer to have the text be normal sized like it is in this Bible. And yet somehow the NIV Reference Bible manages to still be one of the most conveniently-sized Bibles out there... Its just barely over an inch thick. The cover seems nice and durable and I LOVE the full 105-page concordance. I was worried that because this is a reference Bible (meaning it has a center column with cross-references to related scripture passages) it would be somewhat bulky, so when I ordered this Bible I also ordered the non-referenced version (NIV Thinline Bible, Italian Duo-Tone, Tan/Dark Tan). When you put them side-by-side, this NIV Thinline Reference Bible is SLIGHTLY
thicker than the regular NIV Thinline Bible, but the difference is so tiny you would never know it just by looking at them. As for me, I'm going with the referenced one and giving the other Bible away to someone who needs it.
