Out of the Shadows (Thorndike Press Large Print Basic Series) by Kay Hooper

This Is Another Winner In The Shadow Series

To catch this killer, she must break every rule and cross every line.

Out Of The Shadows

A picture-perfect Tennessee town has just become a monsters hunting ground. Two bodies are found tortured to death. A third person goes missing. What little evidence is left behind defies all explanation. Is the terror just beginning? Or have the good citizens of Gladstone harbored a dark secret for a long time? Sheriff Miranda Knight is determined to make her small town safe once more. And she does what she swore she would never do: involve FBI profiler Noah Bishop. Hes the one man who knows about her unique abilities, and that knowledge almost destroyed her and her sister years ago. Now, as Bishop arrives with his team of agents, Miranda must learn to trust him and use her abilities once more. For theyre about to go on the hunt for a killer whose madness has no bounds, a killer who knows exactly how to destroy Miranda: by preying on her sister.

My Personal Review:
Kay Hooper ends the Shadows series with an explosive book. Out of the Shadows tells Noah Bishops story that has been hinted at in the previous two stories--and oh, what a story it is. This book will reach out and pull you into the story--and the ending? Get ready to be shocked, surprised, and entralled.
Sheriff Mirandas Knight is reunited with her former lover, Noah Bishop, who heads an unusual branch of the FBI. Because of old wounds and hurts from the past, Miranda is reluctant to accept Noahs help. But, her small town in Tennessee is being devasted by a vivious killer who is taking the towns teenagers and savagely butchering them. There are no clues, no way to contain stop this beast.
Noah is joined by two members of his team who also possess abilities of the unknown. Together they team up with Miranda to battle the deadly evil that has invaded the town and is striking its innocent people.

Ms. Hooper outdid herself on this one. Just like the first book in this trilogy, there are numerous characters that contribute to the story. You find yourself caring, hurting, and rooting for them. There is some comical relief in this book which keeps it from being too dark. I sincerely hope Ms. Hooper starts another trilogy with emphasis on the unknown. I'll be the first in line to buy!

Get this book, find some place to read uninterrupted, and get ready for the ride of your life. If you haven't read the first two in this series, you're in for a treat!

If anyone knows of books that are similar in subject matter and great to read, please drop me a line. This was fascinating.
