Here is James Stevenson's follow-up to his popular poetry collection, Sweet Corn, which School Library Journal labeled in a starred review a book to savor. Inside this volume are poems to make you laugh and poems to make you dream...and wonder...and think. Some are exuberant and some are quirky and some are sad, but each and every one will leave you hungry for more. So open the book, dig in - and enjoy!

My Personal Review:  
My daughter found this in our library when she was 2 1/2, and we had to buy our own copy. It remains one of our favorite books three years later. The poems are witty and fun; easy for children to understand, and entertaining for adults, too. The watercolor illustrations are wonderful. This is our favorite of Stevenson's poetry books.
