Prosperity and the Coming Apocalypse by Jim Bakker

Great Book - Fast Shipping

The end is near! You've certainly heard the phrase before. And though you may have neglected such a warning in the past, you cannot ignore it any longer. The signs of the end times are all around us. In Prosperity and the Coming Apocalypse, Jim Bakker reveals the last days message he received while in prison. This is not just a book of prophecy, it is a book of survival. Through careful study of God's Word and a reexamination of his earlier prosperity theology, Bakker reveals the answers to questions of concern for some Christians. Though no one knows exactly the time of Jesus return, it will happen. Prosperity and the Coming Apocalypse illustrates how soon the end will be here. Are you prepared for that day?

My Personal Review:
Jim Bakker has struck a resounding chord with his book on Prosperity and the Coming Apocalypse. Unlike an earlier reader who misunderstood Jim, he doesn't attack pre-tribulationism, but clearly shows from the biblical that the church may well experience the Tribulation. My question to the earlier reader is if God didn't spare the early church from such persecution, and they were probably a lot more pure in their expectations of Christ's return, why should God spare the Church of the 21st century from persecution, especially as it deals with the Church of Jesus Christ in the United States. We are a materialistic, soft, and spoiled church who argues about everything, and is accountable to no one. It's about time that God did some purifying, and that the Church SHOULD go through some of the Tribulation. Mr. Bakker is not embracing "Kingdom Now" theology, as the earlier reader suggested, and he should re-read Bakker's book to know this. The only problem with this book is it is dated as far as Y2K is concerned, and Bakker's insistence on a meteor is plausible, but not scientific. Maybe God would use His own creation to do the job. Only He knows, but Jim's treatise on prosperity is golden and should be read by all those who are in the wealth, health and prosperity, as well as the name it and claim it gospel, far more damaging than some other things. Highly recommended!!!!!
