Shapes by Anne Geddes

As a part of Anne Geddes’ Children’s Board Book Collection, Shapes is an appealing, colorful, and informative board book perfect for pre-school babies and toddlers.

Anne Geddes’ bright, fun images coupled with simple, clear design help very young children come to learn the fundamental concept of shapes. A basic shape followed by a baby photograph representing the same shape cleverly reinforces the concept. Anne Geddes’ unique and ever popular baby images make this a great, fun way to learn and a treat for baby and parent alike.

This book has been especially designed for the very young in mind with smooth rounded corners and printed on a sturdy board, small and compact perfect for little hands. A wonderful, safe learning tool designed to last.

Also available in the Anne Geddes Board Book Collection are 1 2 3, Animals, Colors, Opposites, and Words.

My Personal Review:
I love to purchase this book for friends who have just had their second baby...the text is simple enough that a toddler can read it to the new sibling and this creates a wonderful, nurturing opportunity for the sibling from the very beginning. Babies love to look at babies and Geddes always captures incredible moments in creative ways! Never too early to start reading aloud!
