Ready to set sail? Here comes the third book in Robert Crowthers transportation series — a jam-packed, interactive look at all things nautical.

Take to the seas for a journey through nautical history! From an acclaimed 3-D master comes a fact-filled exploration of vessels ranging from canoes to clippers, steamships to supertankers. Loaded with flaps, pull-tabs, and pop-ups, this fascinating resource invites readers to make a Greek biremes many oars row in rhythm, open up a luxury ocean liner to see the bustling activities on each deck, and even become the master of their own pop-up port. Ships ahoy!

My Personal Review:
Everyone who has seen this book at my house has loved it, along with Trains and Flight. I don't really think that all pop up books have to be all singing and all dancing. The information in the books and moveable parts make it more fun for anyone interested in the subjects and great gifts for all ages.
