The lives of Peter Parker and everyone close to him change forever! Haunted by unsettling dreams. Disturbed by a growing sense of dread. Convinced that people are out to get him. A portrait of someone on the edge of a nervous breakdown? Nah. Simply a typical day for Peter Parker, as your friendly neighborhood Spider-Man must contend with a new and deadly opponent named Tracer, self-defense lessons with Captain America and some disturbing news that will change his life in a distinctly negative manner. This is the startling super-story that turns the wall-crawlers world upside down and setting the stage for the year to come! Collects Amazing Spider-Man 525-528, Friendly Neighborhood Spider-Man 1-4 & Marvel Knights Spider-Man 19-22.

I'm a huge Spider-Man fan. I think what makes him so great is that he is just a man. Even with all of his powers, Peter Parker has to deal with everyday life, more so than in other comics. And here Spider-Man evolves. Into something more? I'm sure the Marvel writers will have more to do here. I expect great things in the future of one Peter Parker, Spider-Man.
