One of the best tape reading books available. For any trader new to tape reading, this is a must read.

Covers the teachings of Wyckoff and Neill. The author shows various setups combining price and tape with the final section dedicated to charts. A lot of good information covered in this book from volume & price analysis, tape, trader pscyhology, etc...

Tape reading and volume analysis are pure information. Master these techniques and you will always be one step ahead of the crowd.

A must have for your trading library.
