My Personal Review:
I have to admit, we rarely buy books... we usually get them from the library. This book is definitely one that you want on your shelves permanently!! It brings the story to life, and is a great way for inquisitive little minds to get into the story. You feel as if you can step onto the pages and into the boat! It captivates the mind and curiosity of our three year old, and she just loves it! The pop-ups are truly amazing, and the fold outs add more to each page. Its well written, and great for the kids. Wish they had these when we were little! I am giving this to our 2 and 3 year old cousins as well- this makes a great gift. A definite hit!
