In his debut novel, James J. Kaufman delivers a gripping and unforgettable story of two strong men from separate worlds - one touched by tragedy, the other by greed - brought together with unexpected results. In chronicling how their lives and those they touch are dramatically changed by their encounter, Kaufman reveals the power of relationships, the nature of love, and ultimately the meaning of life.

Features:
* IOUs collectibles and the law... another great tale by James Kaufman

My Personal Review:
I bought this for my Kindle because honestly it was cheap and I thought ok I can try it. I started reading and could literally not put it down. One person said reads like a John Grisham novel which is why I got it to begin with. It really is but personally, I liked it more than most of the Grisham novels I have read and I have read most of them. Obviously alot of people have said what the story premise is so wont go over it again but can say that if you have any doubts about reading it, dont. Be prepared for the Kleenex and buy the book. I, too, have a feeling Mr. Kaufman will have alot of other stories to be told. I hope they are as good as this one and when they come out, they will definitely be on my TBR list.
