The fact is, that in order to understand the Fathers word we need to go back to the original languages. (You have read this from most of the other reviews, bar a few)
Also, we need to understand that the Scripture (s) when translated to English from the original tongues (in most cases) does not portray the true meaning of what the Father wrote. Make no mistake, this is done with a purpose! There are many scriptures that state that many of His children will not understand His word? Why? Because we do not take the time, knowledge brings wisdom and wisdom allows you to apply His word in your life. The more you apply His word the more He reveals to you.
What I will comment on is the legitimacy of the Companion Bible. The Companion is the KJV but it also gives you the option (along with other needed study tools) of reading and absorbing the meaning of the phrase, word, parable, etc, from the original language. Dont get me wrong many other Bibles also do this but they choose to do the research for you and then change the translation for you! Will you really allow a stranger make a life altering decision for you?
The Companion also leaves out mans traditional religious thinking. A reviewer wrote that Bullinger leaves out some of these traditions and that the Companion is based in part, on little or no true information. The Companions author had the wisdom to understand that no one flesh being completely understands all of the Fathers word. Bullinger gives you the options to form your own understanding. Bullinger comes clean and states that the answer is not clear or you can tell when something is supposition.
God states that His word is of no private interpretation. To gain Knowledge and wisdom which equates to the Fathers Blessings in your life, one must do their own study. This is what makes the Companion Bible so important for Gods children. If you are truly sincere in finding what God said in His letters to us, the Companion Bible is one of the reference tools you need. For the serious student it is a must. For the curious that have studied for themselves but have hit a dead end, it will inspire thoughts and questions. The Companion will allow you to start to understand Gods word for yourself. In a way that will answer many questions about the past, present and future periods of the time. Our role in the Fathers eternal plan depends on understanding scripture as correct as fleshly possible. The Companion allows you to rid yourself of the fantasy, mysticism, mystery and mans traditional thinking that has been wrongly injected into the Fathers Words. With His Blessings.
