My Personal Review:
My only complaints would be MORE PICTURES!! and a updated or similar book! this was published in 2006! while the C6R Is in here, there is an engine shot(Picture) . The book along With Ludvigsens Star Spangled Sports Car, Jerry Burton's 2006/08 Corvette : Americas Sportscar ,Yesterday ,Today,Tomorrow And Randy Leffingwells 50th anniversary Corvette Book, as well Dr. Pete Gimenez Corvette Racing Legends The Story behind the L-88 Engine option,Friedmans Grand Sport are ALL MUST HAVES and the perfect companions! This book I thought would be just another compilation of many of muellers books,Boy Was I wrong! there are some pics I have seen before but alot of stuff in here, the writing is good and witty. Great History. Cant Wait for another Corvette book To Top This!
