I am Catalina, Princess of Spain, daughter of the two greatest monarchs the world has ever known...and I will be Queen of England. Thus, bestselling author Philippa Gregory introduces one of her most unforgettable heroines: Katherine of Aragon. Daughter of Queen Isabella and King Ferdinand of Spain, Katherine has been fated her whole life to marry Prince Arthur of England. When they meet and are married, the match becomes as passionate as it is politically expedient. The young lovers revel in each others company and plan the England they will make together. But tragically, aged only fifteen, Arthur falls ill and extracts from his sixteen-year-old bride a deathbed promise to marry his brother, Henry; become Queen; and fulfill their dreams and her destiny.They tell me nothing but lies here and they think they can break my spirit. I believe what I choose and say nothing. I am not as simple as I seem.Widowed and alone in the avaricious world of the Tudor court, Katherine has to sidestep her father-in-laws desire for her and convince him, and an incredulous Europe, that her marriage to Arthur was never consummated, that there is no obstacle to marriage with Henry. For seven years, she endures the treachery of spies, the humiliation of poverty, and intense loneliness and despair while she waits for the inevitable moment when she will step into the role she has prepared for all her life. Then, like her warrior mother, Katherine must take to the battlefield and save England when its old enemies the Scots come over the border and there is no one to stand against them but the new Queen.It was my dying husbands hope, my mothers wish, and Gods will that I should be Queen of England; and for them and for the country, I will be Queen of England until I die.Raised on the battlefield and in the most beautiful Moorish palace in the world, sent to England alone at the age of sixteen to take her place in a court where she couldnt speak the language, and abandoned and forced to endure poverty after the death of her husband, Katherine remained a woman of indomitable spirit, unwavering faith, and extraordinary strength. Philippa Gregory brings to life one of historys most inspiring women and creates one of the most compelling characters in historical fiction.
My Personal Review:
At risk of sounding like a cheesy writer of book-cover blurbs, I have to say Gregory delivers another gem.

The Constant Princess follows the story of Queen Katherine of Aragon, daughter of Isabella and Ferdinand, wife of first Prince Arthur and then his younger brother, King Henry VIII. Katherine may just be Gregorys strongest heroine yet. Her faith and poise never falter - from the five-year-old raised on the Crusade trail, to the young girl who takes her destiny in her hands, to the Queen who battles both Scotland and Anne Boleyn. Shes not blinded by passion like Queen Elizabeth - yet the blossoming love between she and Arthur had me in tears. And despite her steadfast nature, she grows throughout the novel, eventually recognizing her mothers persecution of the Moors for what it was.

I would be remiss if I didnt mention Gregorys descriptions of the Alhambra Palace in Grenada. If I hadnnt seen the photos of it to know it is indeed real, I would think it was the most glorious fantasy palace any princess could dream up. Im not sure if this book could quite edge out The Other Boleyn Girl as my favorite from Gregory, but I think it just might.
