The Ghosts of Charleston by Julian T. Buxton

History Mixed With The Supernatural

My Personal Review:
Buxton and Macy give a thrilling written account of their "Ghosts of Charleston" tour.

While they do relay many of Charleston's most famous ghost stories, they also reveal the hidden history of the supernatural events.

From the grotesque floating torso to the frivolous Gentleman's Ghost, the Ghost's of Charleston takes you back to an earlier and in most cases tragic time in the history of the Holy City.

Read the book and then go take the tour or vice versa, you will not be disappointed.
