My Personal Review:
The Grandpa Book
This whimsical and fun book by Todd Parr is all about the different kinds of grandpas. The silly nature of this book hides a serious message of acceptance for the ways in which grandpas are different, including grandpas who talk too loud and grandpas who ride in wheelchairs.

There's also a place inside the back cover for you to put a picture of your grandpa. The simple text and line drawings make this book appropriate for young children, but Parr's signature humor and bright, funky colors make it a fun book for older kids as well.
