The Pop-Up Book of Nightmares

Adult Fun!

Theyre gripping, theyre realistic, and theyre universal--those primal scream-creating nightmares that every reader has had at one time or another. The Pop-Up Book of Nightmares brings them vividly to life with ten richly illustrated, over-the-top pop-ups that put the reader right in the center of a world gone mad. Which one of these nightmares did you have last night? -- Being unprepared for a final exam -- Going for a midnight snack and finding a refrigerator teeming with rats -- Giving birth to a baby thats anything but normal -- Being chased by a menace that seems to be everywhere at once -- Free falling with no hope of a safe landing. The Pop-Up Book of Nightmares is the perfect gift for anyone who wants to mine the psychological riches of their deepest slumber. AUTHOR BIO: Gary Greenberg, Balvís Rubess and Matthew Reinhart collaborated on Melcher Medias THE POP-UP BOOK OF PHOBIAS.

My Personal Review:
I am always on the lookout for new childrens books, and especially love popups! My children are all grown, but I have two small grandsons, and I teach childrens literature to college students. (HOWEVER, I would never recommend putting ANY popup book that is this intricate into the hands of a toddler.) This book is not for small children, anyway, but a real hoot to adults. I also used this book (as well a Popup Book of Phobias) in other classes I teach on Human Development, Special Education, and Early Childhood Education. Why? Because they are whimsical, interesting, help us to acknowledge fears and dreams, and the artwork involved is impressive!
