Gareths definitely not an ordinary cat. For one thing, he can talk. For another, hes got the power to travel through time- Anywhere, any time, any country, any century, Gareth tells Jason. And in the wink of a very special cats eye, theyre off. From ancient Egypt to Japan, the land of young Leonardo da Vinci to the town of a woman accused of witchcraft, Jason and Gareth are whisked from place to place and friend to foe. Full of fun, excitement, and a good dose of history, heres a fantastic tale that grabs the imagination and takes it far and wide, on the adventure of not one but nine amazing lifetimes.

Personal Review: Time Cat: The Remarkable Journeys of Jason and Gareth by Lloyd Alexander

this was a great book because I liked the idea of a cat being able to go through time, and how he would all of a sudden travel, without warning. I
also liked that the chapter titles, which were cool because it told you the exact location and time you were going to.
