From Time for Kids comes this incredible new collection of facts, dates, people, maps, and more! The comprehensive 2005 edition includes a U.S. history timeline, mythology, and even more full-color photographs, diagrams, and illustrations than ever before. You'll discover in-depth information on:  
- Architects and their masterpieces  
- Fossils  
- The three branches of our government  
- Heroes of the Civil Rights Movement  
- Tornadoes  
- The solar system  
- And more!  
Plus, you'll still enjoy the exclusive Homework Helper and tons of TFK puzzles and games that you've come to depend on in previous volumes. It's the ultimate reference guide for curious kids of all ages!

My Personal Review:  
My mom just gave me this for an early christmas present and I read it at every chance I get! I got it because I cleaned our house. Moms! They'll do anything to get you to do chores! But still, I love this almanac!
