Treasures of the Uffizi: Florence : Tiny Folio

Great Little Book

Italy's most famous museum, the Uffizi in Florence, houses a spectacular collection of Renaissance art as well as works by later masters. In this grand tour of one of history's preeminent public art collections, the greatest works by early Renaissance artists such as Botticelli, Leonardo, Michelangelo, and Raphael are presented, along with work by later Italians and other artists from throughout Europe. 216 full-color illustrations.

My Personal Review:
Remember its tiny - approx 4"x4" - but very well done.
