Great Read For Men And The Women Who Love Them

Twenty-first-century men are too often frustrated cubicle dwellers while deep in their hearts they dream of Braveheart. The ancient Greeks believed manly courage physical, moral, and spiritual was found in the male soul. Called thumos, this type of courage appears in the New Testament, urging men to take action. For many men, thumos is the missing ingredient in their spiritual growth, ready to bless them with power, purpose, and integrity to make them better leaders, disciples, husbands, and fathers. Thumos, says Paul Coughlin, will repair the twenty-first-century male soul. In Unleashing Courageous Faith Paul Coughlin is simply a guy with a strong message for other guys including former Christian Nice Guys. He unflinchingly looks at both the noble and undesirable aspects of thumos, coaching men to choose the good and resist the bad. This book is filled with practical help and information in Coughlin's signature readable style, packed with illustrations from his life and the lives of admirable men. Its ideal for mens groups as well as individuals.

My Personal Review:
I just purchased six more copies of Unleashing Courageous Faith to give away - something I've never even thought of doing with a book before.

The books does more than help men reconcile the struggle between their Christianity and their masculinity, it explains in painful detail why such a struggle exists, and most importantly, how to conquer the soul-crushing effects of hyper-spiritualism, spiritual abuse, materialism, cynicism and other dysfunctions that infect us both inside and outside the church. In so doing the book unlocks the keys to bold, engaged, purposeful, Christian living as a man - free from the theological nitpicky and inauthentic version of ourselves we often feel pressured to be by the "Official Script" of church culture.
Unleashing Courageous Faith makes it clear that if you think success as a Christian man is defined as (a) not sinning and (b) telling people about Christ once in a while then you're missing the boat - you're missing what happens when you unleash the passion and courage it takes to link to transcendent causes - causes that require real-world, hands-on strength, conviction, character, and masculine courage.

Unleashing Courageous Faith helps pinpoint many of the things that went wrong in the spiritual training of many men and paints a clear picture of what it looks like when you realize that you don't have to be a freak, a fanatic, or half woman to be a Christian man. Instead, you can be what you were meant to be - a lion housed in a man's body, a man of action and conviction - a man who operates where the rubber meets the road solving real world problems, making his Father proud, and unleashing his own soul.
