When Andy's father is sent to prison for robbery and the family moves to be near him, Andy is afraid of what the kids at his new school will think.

My Personal Review:
I see more and more children facing this problem. This book focuses on the loneliness a child might feel in this situation. The character is very ashamed and is teased about his father's incarceration. The books help children to not take on the shame of the parents' crime; it is appropriate and unjudgemental. It is a helpful tool to meet the needs of a suffering child.
