When the Cats Away (Kinky Friedman Novels) by Kinky Friedman

Best Kinky

Originally appearing in The Kinky Friedman Crime Club, now published as a single volume, this is the third Kinky Friedman mystery. A purloined feline from Madison Square Gardens cat show is a tip-off to a trail of murders, drug rings and gang wars that only Kinky Friedman can follow.

My Personal Review:
I have read all the Kinky books, but this one is still my favorite. Since all his books have a cat theme, this one is really carries it through with a cat show at Madison Square Garden. Great fun.
